Senior members of "The Tower" give advice for surviving and succeeding during freshman year

learn how to walk>>

- walk on the right side of the hallway. RIGHT IS RIGHT
- slow down around corners to avoid a potentially fatal head-on collision.
- forming a large huddle with your friends in the middle of the hallway is a sure way to get bulldozed by kids anxious to get to class

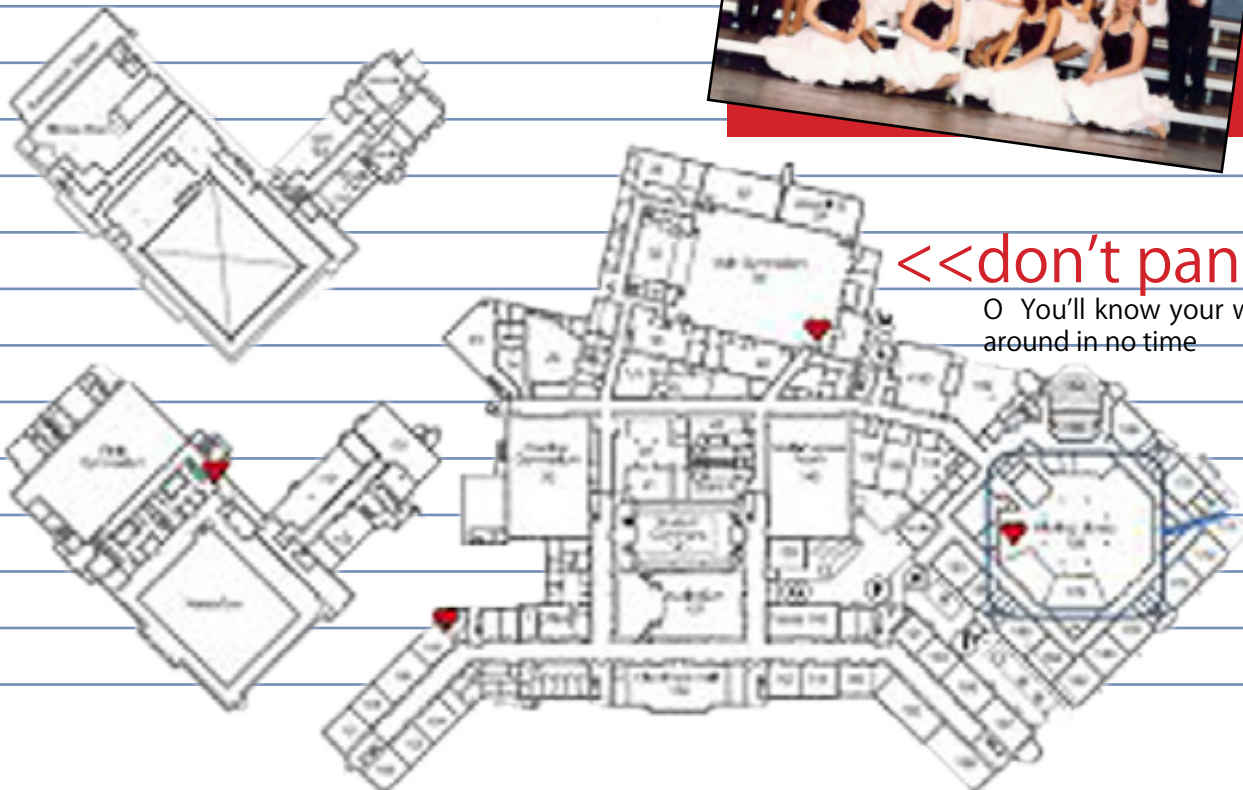

<<make new friends

- introduce yourself to new people
- Say hi and smile. (It helps if you brush your teeth)
- If you meet someone who reminds you of Regina George, run in the other direction as quickly as possible (this is the only exception to the RIGHT IS RIGHT rule)

get involved>>

- Join a club or sport after school
- Try something new (only things that are legal) you may end up loving it.

<<don't panic

- You'll know your way around in no time
